## ***16<sup>th</sup> International Conference on Fundamental and Applied Aspects of Physical Chemistry***

*As you already know, the **15<sup>th</sup> International Conference on Fundamental and Applied Aspects of Physical Chemistry** or **Physical Chemistry 2021** was organized as on-line event on September 20-24, 2021 due to Covid-19 pandemic. We expect now that next Conference will be held as a hybrid event, partly on-line and partly in person. However, the situation is still unpredictable. Final decision on the format of our Conference will be made no later than April 30, 2022. We hope that until then we will have enough information to make sound decision. However, the dates will not be changed anymore and Physical Chemistry 2022 will be held during the last week of September in 2022. If we have to go fully on-line again, you will be notified as soon as possible.*

## Contributed papers

The papers will be divided into oral presentations and posters. The Scientific Committee retains the option of deciding on the presentation form, based on the number/type of contribution, but will try to take into account the author's expressed preference.

## Publication

All contributed papers accepted for the Conference, will be published in the Conference Proceedings. The plan is that the Scientific Committee will invite the Authors of selected papers to prepare original manuscripts for the publication in *the Russian Journal of Physical Chemistry A* and *Reaction Kinetics, Mechanisms and Catalysis* as regular articles, in accordance with the journal practice.

## Paper preparation

The authors are kindly asked to respect the all proposition of the paper. Otherwise, the paper will be immediately returned for technical revision before sending to reviewer. The proposition includes strict four-page limit for the regular papers and 8 pages limit for the invited papers (including abstract, introduction, results and discussion, and conclusion) in A4 format singly spaced. **Margins of 3 cm on the top and bottom should be left and 2 cm on both right and left of the text.** The paragraphs should be indented 5 mm, except the first one in each heading. The title should be centered at the first page of the manuscript and written in font 14 (Times New Roman) and in bold capital letters. The rest of the text should be in 12-point fonts (Times New Roman) justified. The author's names should be given as initials followed by surname: P. Petrović, I. N. Bujanja, C. B. Delgado, J. P. Hsu. Name of the corresponding author should be underlined and his/her e-mail address should be given with other affiliation details. The author's address (with indication of the corresponding University, where it is appropriate) should be given in italics. The title and names of authors should be followed by the abstract of the paper. The section titles of the paper should be typed in 12-point bold capital letters. References to the literature within text should be placed in square brackets: [1], [2], ..., and cited at the end of the text.

Illustration (tables, figures, photographs, etc.) must be inserted into the text as a picture with at least 300 dpi and no larger than 12.5 cm width and 18 cm height including the caption (please allow 12 pts for each line of caption text). Tables must stay within text margins, too. Table caption and number should be given above each table, centered. Figure captions should be given at the bottom of each figure. The style of table and figure captions should be identical. Figure lettering should be done in a character not smaller than 12 pt. in final version of figure.

Submission of paper to our Conference assumes that all coauthors are informed and that these results are not submitted or published in any other Conference or scientific journal in the same form. It is full responsibility of the corresponding author.

The papers should be submitted by e-mail ([paper16@socphyschemserb.org](mailto:paper16@socphyschemserb.org)) before May 31, 2022. The papers received after that deadline cannot be guaranteed the publication in the Conference Proceedings. The authors are limited to no more than three regular contributions and one invited lecture. Invited lectures will be printed in full-length (eight pages maximum). **Participants from Serbia are kindly recommended to include one line of the Acknowledgement.**

File title should be based on the surname of the first author, and if you submit more than one paper with the same first author, than add some ordinal number, next, add preferred type of presentation (poster or oral) and finally a letter identifying one preferred section (eg. Petrovic\_3\_oral\_J.doc).

## Duration of presentation

Plenary lectures:	30 minutes
Section lectures:	20 minutes with discussion
Oral presentation:	10 minutes with discussion
Posters:	120 minutes Poster dimension should be 80 cm wide, 100 cm high
